

Ian Ellerington

Head of Technology Transfer

Ian joined the Faraday Institution after six years in central government where he worked on designing and implementing innovation programmes in the energy sector.

He was responsible for the government's energy innovation programme in the Department of Energy and Climate Change and continued in the Department of Business, Energy and Industrial Strategy as Head of Disruptive Energy Technologies and Green Finance Innovation.

Ian is an engineer who graduated from University of Cambridge with an M.Eng. in Manufacturing Engineering in 1993 and is now an experienced technical manager who has worked with small, medium and large corporates, academia and government. His early career was spent working on Gas Turbine engines with the Ministry of Defence before moving to project management at QinetiQ where he was responsible for research programme management and delivery of the large test programmes. He left QinetiQ to join Meggitt Defence Systems as UK General Manager where developed, made and operated new technical products and set up and ran a new R&D and manufacturing facility.
